

**BACKPACK BLACK, ORANGE INSIDE**

**U9102BL/OR**

The UDG Ultimate Backpack has been designed for general day to day work use with the digital DJ in mind.

The UDG Backpack is constructed from high quality fabric and contains a padded laptop sleeve that will fit up to a 17" MacBook Pro. The bag main compartment can also hold a small MIDI controller or magazines/paperwork if required.

A unique pouch pocket can be found just inside the bag opening that allows for quick access to your headphones. A cleverly designed organiser section and spacer mesh pocket provide storage for small miscellaneous accessories so that your possessions are held safely in place.

The padded back panel provides extra comfort whilst carrying, however by removing the detachable shoulder straps, the bag can be mounted on a UDG trolley bag using the sleeve that is also part of the backpack's design. 2 side pockets allow for storage of smaller items and extra fabric on the bottom of the bag provides extra protection from day to day scuffing & abrasion.
